PROGRAM NOTE

Gustav Holst is widely known for his compositions for band and orchestra. In addition to works such as "First Military Suite in E♭" and "The Planets," Holst wrote hymns for performance in liturgical settings. Perhaps his best known melody is "In The Bleak Midwinter." A standard hymn performed during the holiday season and throughout the year, this hauntingly beautiful melody evokes images of pastoral countryside blanketed in snow and solitude.

NOTES TO CONDUCTOR

The RWS Beginning Band Melody Mine Series includes arrangements for concert performance as well as a **Melody Mine** for additional classroom teaching. This setting of "In The Bleak Midwinter" includes a full band arrangement. In addition, the **Melody Mine** setting allows all students to play the melodic line both in and out of the classroom.

Please note the following teaching and performance opportunities:

1. Use the **Melody Mine** to teach phrasing, dynamic shaping, breathing and other very important music concepts. All students performing the melody insures the lesson is powerful for each musician.
2. In this arrangement, you may wish to direct instrumental choirs to play the melody while the remainder of the band plays the accompaniment in the full band arrangement. As an example, direct the woodwinds to play the **Melody Mine** and the brass/percussion to play the full arrangement. You may also wish to feature soloists using a blending of the **Melody Mine** and full arrangement.
3. Direct the students to play the **Melody Mine** at home for their family providing additional solo performance opportunities.
4. Create your own unique performance arrangement using selected soloist(s) and instrumental families followed by the full band arrangement. A suggested arrangement for your next concert performance would include a soloist followed by the woodwind choir and full ensemble.

We hope that you and the band find "In The Bleak Midwinter" to be a valuable part of your standard band repertoire. Best wishes for a wonderful performance!
