PROGRAM NOTES

Reflections From The Wall honors the 40th anniversary of the end of the Vietnam War, and is dedicated to the men and women who served our country during this conflict. The basis of the music is an emotional representation of the composer's visit to the Vietnam Veterans Memorial and the power of this spectacular monument. Opening with a simple instrumental depiction of a cloud-covered morning broadens into a dramatic and powerful "reflection from the wall" as the sun breaks through the clouds. Emotion, reflection and a sincere thanks to those who served in this war are the driving musical elements of this powerful piece.

REHEARSAL NOTES

The vibraphone part is an integral part of the performance of this composition. If a vibraphone is not available, another keyboard percussion instrument, such as marimba should be substituted. All solo indications should be observed. From m. 15 through 29, the percussion section should be broad and powerful allowing the pitched instruments to "let ring." The snare drum solo beginning at m. 29 should be barely audible, possibly performed off-stage. M. 68 marks the climax of this powerful composition and should be full and dramatic.

I hope you and your musicians enjoy preparing and performing **Reflections From The Wall**.
